

“Above and Beyond” Project Proposal Mr. Ippolito’s Class

So you want an A in Mr. Ippolito’s class? Or maybe you have realized that true learning goes *beyond* the classroom, beyond a textbook, beyond a PowerPoint presentation. Whatever your motivation, you have chosen to take your learning “above and beyond” in one or more content standards. True learning lies in the real world. From my Grading Policy:

“. . . ‘Above and Beyond’ means the student has gone beyond the standard by demonstrating applications of the standard beyond what is learned in the classroom or in the textbook...DO SOMETHING in the real world with your learning.”

For those students who wish to go “Above and Beyond” in one or more of the content standards in Mr. Ippolito’s class, one way is to create your own “Above and Beyond” Project.*

Name(s) _____ Per _____

Content standard you wish to pursue: _____

Govt examples: The Presidency, Exercising Your Rights, The Supreme Court, Civil Rights Movement, Women’s Rights Movement

Econ examples: Demand, Supply, Profit and Loss, Business Ethics, Current Events, The Stock Market, Minimum Wage, Taxes

Project Proposal - How will you connect to “real-world” learning? _____

This proposal must be submitted ONE MONTH before the end of the semester 5/6/2014

This project must be COMPLETED and SUBMITTED/PRESENTED by 5/23/2014

****There are multiple paths to an A. For details, please visit Mrlppolito.com and click the Grading Policy tab.***
